The Millennium Challenge Account-Kosovo has received financing from the Millennium Challenge Corporation of the United States Government toward the cost of the three Compact Projects: the Energy Storage Project, the Just and Equitable Transition Acceleration Project; and the American Catalyst Facility for Development (ACFD) including the Program Administration and Monitoring and Evaluation activities and intends to apply part of the proceeds toward payments under the contract for Vehicle for KOSTT PIU.

MCC's funding is appropriated by the U.S. Congress and obligated to the compact up-front, with no incremental or partial funding. So, when a contract is signed with MCA-Kosovo, money is already available to the MCA-Kosovo and, for most contracts, invoices are paid directly to Offerors by the US Treasury. MCA-Kosovo now invites eligible offerors to submit offers for Vehicle for KOSTT PIU.

The procurement will be conducted through the Shopping procedures as specified in the [MCC AE Program Policy and Guidelines](#) and is open to all eligible offerors as defined in the PPG.
